### **You Are a Voice** (posted June 13, 2010)

I'm not talking about being a public speaker.

I'm talking about knowing God and being intimate with Him and letting yourself be used to do what He says to do. I keep thinking about Moses and how he was scared to go talk to the king of Egypt to let the Israelites go. God got frustrated with his excuses like, oh I'm not a good talker and "please send someone else!"

I think the frustration from God was mostly because Moses didn't realize that it wasn't about Moses, it was about God getting the people out of that land. God needed a person to be His voice and to do as He commanded. Pharaoh letting the people go, the pharaoh's officials agreeing, the Israelites being ok with moving...that was all up to God, not Moses.

Leave the hearts of the people in God's hands.

Do you want to be the tool and the voice He uses?

Thanks guys! Great encouraging site. Just a thought... Nothing significant happens in the Kingdom without a voice paving the way. God created with His voice. The declaration of our freedom was made by voice. (It is finished) Any significant change God has done through me has required mostly my voice.

The importance of this Voice ministry you have launched is significant and urgent. Be relentless in your assignment; we need it. Be deep in your times with Him, You'll need it.

I believe in you. And along with the multitude who do not even know of your existence yet, we say: Make it Count!

Thanks Pastor! That is huge and is so true! What an encouragement

## **get connected** (posted June 19, 2010)

Our mission is to encourage believers to use their voice for God' passion. People.

We've already connected with people [via email](#) and it has been great! However, we want everyone to not only interact with us but with one another. The Bible says that we sharpen each other (Proverbs 27:17) and that we overcome by the word of our testimony (Revelation 12:11). We've created a place where we can all interact with and encourage one another. It's not about you connecting with the Voice team, it's about you connecting with other believers.

Before you connect with us on facebook I want to put a "ground rule" in. Don't spend all your time here, spend it out there. In here is where you get equipped and encouraged, out there is where you make impact.

Use your voice for God's passion. Share your experience, ask your questions, and encourage others on [our facebook page](#) and be sure to [join the discussions](#) that are taking place in the "Discussions" tab.

## **the dream** (posted June 21, 2010)

This dream was shared with us by a woman in our church...

Two men came into my house to steal my money. The bigger one was the leader and by looking at him I could tell he was very evil. He seemed determined to have his way, that is to get what belonged to me, but I was not afraid of him. The little guy only took orders from Mr Big.

When they came into my house — they didn't break in or force their way in — they were just in.

In order to keep them from getting my money I sat on my checkbook and wallet.

The next thing I knew there were lots of people all around. There were in particular 2 girls dressed immodestly. I began to talk to them and ask questions of how they knew the big guy. They told me on the Q.T. that all of them hung out at the bar called 'Charlie's.'

That conversation took place when Mr Big was occupied giving directions to the little guys. When he was done with them he turned back to me. He came toward me and it was then I realized he had been discussing me with the little guys and that they planned to kill me. I was not scared.

When he came to me he said, 'Open your mouth.' I asked why and he said, 'I'm going to cut out your tongue.' (continued on the next page)

Then I woke up.”

This is the interpretation: Mr Big is satan, the little guys are harassing demons, and the “others” are the world.

The plan to kill her was to cut out her tongue so she could no longer speak.

## the origin of “Voice” (posted June 21, 2010)

“VOICE! Okay God but what does that mean? What are you saying to me?”... This is how Voice began.

While driving in my car one Saturday I was praying and singing to the Lord when out of nowhere the word VOICE dropped into my spirit. I could do nothing but speak the word “voice” out loud and clear. And then suddenly another phrase “sound the alarm” came out. I even surprised myself with the sudden outburst of these words. I said “God what does that mean? What are you saying to me?” I then felt God say “I need your voice. I need my people’s voice.” God was showing me that He IS coming back soon and He wants his people to sound the alarm by using their Voices. I have never felt so strongly about something the Lord has shared with me. I feel this is the heartbeat of God. With all that is going on around us in this lost and dying world someone needs to speak up. And that someone is ME. That someone is YOU. It will take all of us together using one of the most important things God has given us...our voice. Just remember what God told Paul in Acts 18:9 “Do not be afraid; keep on speaking, do not be silent.” We must speak up and sound the alarm about our precious Lord Jesus.

REMEMBER...God needs YOUR Voice...

Share what's going on this month with you. Post things that you're struggling with and need help on or content that you would love to share to encourage others in their walk...here's some questions to get you started:

What experiences have you had this month with God?

What have you done to use your voice for His Kingdom this month?

Be sure to interact with each other. This is not about the Voice team interacting with one person at a time, this is about believers being there for other believers.

This has been a great month of CONNECTION. Myself and 2 other area Pastors went to Ft. Myers, and connected again with Lance Wallneau. I sent DVD's of that meeting to 2 other Kingdom leaders. I have sent out 3 books (Culture of Honor by Danny Silk) to 3 community leaders who have shared how much the book is blessing them. God has put a young man in my path to mentor. Donna and I had dinner with a major Aposolic voice to our region.

We have had several God opportunities to pray for the unsaved in public places with tangible results.

I have set a time to get together with a new and major spiritual influencer in our region; Dale Fife.

Had a great "connecting" meeting with Messack, a great evangelist from Haiti. We are working to help with some logistics for a great conference to be held here in August (25th - 28th) called "Alignment for Assignment" designed to bring Kingdom to Haiti.

Our greatest need right now would be 1. Commercial bathroom facilities at "The Way" station, (Gathering/Training center in Parrish. 2.) Money for a Children's Center construction project.

Leaving tomorrow to go spend some time camping with my awesome grandson, Israel. Also for him to attend Bishop Tony Miller's Youth conference in Hiawassee, Ga. ("Total Abandonment") I believe this will be a strategic time of impartation!

Talk about using your voice!

You don't have to be a pastor to do things like Pastor Ron did either! The hardest part of influencing people is getting over the person in the mirror.

I encourage everyone who is reading this to get in prayer with Hope International Ministries for continued guidance and for the presence of God to be with EVERYTHING they do. Visit <http://www.moreofHim.org/> for more info on Hope.

These teachings, thoughts, ideas and testimonies are good.

However, **YOU** make the difference. **You** can read this and forward it to your friends and then forget everything.

**...or**

**You** could take this as an encouragement. **You** could take what you've read here and put it into practice. **You** could make a point to look for opportunities God is giving you to be His voice to someone. No hokey pokey, just real love.
